

Avision

A vision of your office

Avision NetDeliver @V2800

A Duplex, and Easy-to-use Network Scan Station

Scan and distribute your document
more effectively and efficiently
on the network

- Scan the front and rear sides of your document
- Manage your @V2800 remotely on the network with an embedded webpage
- Scan documents and then send them directly to e-mail addresses
- Store up to 2,000 e-mail addresses
- Scan documents and store the digital file to a designated server
- Compact ADF holds up to 50 pages
- Scan documents and send them to a remote fax if a supported printer and a phone line are connected
- Scan documents and make copies if a supported printer is connected
- Advanced security features include password authentication and administration tools

If you wish your document can be transferred more effectively and efficiently, do not rely on traditional solution to buy a separate printer, scanner or copier. It costs thousands of dollars and plus you need to convert your paper documents to digital format to be shared on the network.

With Avison NetDeliver @V2800 and a connected printer, you do not have the trouble to make a hardcopy on a copier and then digitize them on a separate scanner. The Avison @V2800 is a ethernet-ready device integrating scan-to-email, scan-to-filing, and networking into one single unit.

Scan-to-email

The scan-to-email feature lets you scan paper-based documents in full color and e-mail them in one of the PDF, JPEG, or TIFF file format directly from the @V2800. As a result, you can send the scanned document simultaneously to a lot of people. Plus, there are a total of 2,000 e-mail addresses which can be added into the machine.

Scan-to-filing

The scan-to-filing feature allows you to scan the documents and save them to a folder of a personal computer or any server in the network through the FTP, HTTP, HTTPS, or CIFS protocol since the @V2800 is built in with an ethernet

Digital Copying

What is best, when the @V2800 is connected to a supported laser printer, the whole set turns out to be a powerful digital copier. Through the easy-to-use operation panel, you can make copies just like you do on a regular copy machine.

Multiple Pages Sending

With the Auto Document Feeder, the @V2800 allows a stack of 50-page document(s) to be continuously scanned and transmitted at one time in reliable quality to increase your efficiency.

Fax

When the @V2800 is connected to a supported printer and a telephone line, the whole set can be used as a fine fax machine. What is best, a phone book speed dial, and phone group can be set to increase your efficiency.

Large, & Easy-to-use Touch Panel

Large 7-inch, bright color LCD shows all operation modes clearly. Simply make a few touches on the LCD screen, you can finish your job within seconds.
